

## DISH Food for Thought

At DISH we take pride in our ingredients, sourcing locally when we can. We work with many local farmers to bring you the freshest, tastiest, most nutritious ingredients from our food shed in Northern Nevada and California. We source antibiotic-free, hormone-free humanely raised meats and local free-range eggs when the chickens are laying. We use biodegradable paper products, compost and recycle! Waste not, want not!

DISH Café was voted Best Catering Company in Northern Nevada 2008, 2009 and 2010. DISH was recognized by WSPA (World Society for the Protection of Animals) as one of 500 humane eateries in the nation.

Find us at [eathumane.org](http://eathumane.org). DISH was featured on FOOD NETWORK'S "Diners, Drive-ins and Dives" and in FOOD NETWORK MAGAZINE'S "50 States, 50 Breakfasts" in 2010!
